The placement at Khadki Education Society's Tikaram Jagannath College is varied, with recruitment options both in corporate and public sector as well as entrepreneurship.

ABOUT DEPARTMENT OF COMMERCE – BBA

The BBA Department under commerce was established in 2006. Bachelor of Business Administration course provides the aspiring students of all faculties to know about the competitive business environment in which both the private and public sectors operate. The course mainly focuses to provide the students about the analytical and operational talents required to solve a business problem in any sector. It also offers flexibility for the students to specialize in particular areas. Once they pursue this course, the study in these areas offers them a wide range of career opportunities. Through this course they will get a foundation in the business operations in all aspects.

ABOUT THE SEMINAR

“National Education Policy & Internship as a Value Education:- Implications For Teachers and Students Education.”

The National Education Policy 2020 outlines the vision of India's new education system. The policy recognizes and identifies teachers and faculty as the heart of the learning process. As envisioned by Hon'ble Prime Minister Shri Narendra Modi ji, the Policy will empower teachers of India and lists out various reforms for their recruitment, continuous professional development, service conditions, etc. The world is undergoing rapid changes in the knowledge landscape. With various dramatic scientific and technological advances, such as the rise of big data, machine learning, and artificial intelligence, many unskilled jobs worldwide may be taken over by machines, while the need for a skilled workforce, particularly involving mathematics, computer science, and data science, in conjunction with multidisciplinary abilities across the sciences, social sciences, and humanities, will be increasingly in greater demand. There will be a growing demand for humanities and art, as India moves towards becoming a developed country as well as among the three largest economies in the world. This seminar will help students and teachers to understand the implications of NEP 2020 on education excellence in colleges. It will have objective to discuss new techniques and methods for enhancing competency of teachers and to identify relevant Innovative Pedagogical Approaches used in the education sector. Also deliberate upon creating global standards among teachers.

CONCEPT NOTE

This National Education Policy 2020 is the first education policy of

the 21st century and aims to address the many growing developmental imperatives of our country. This Policy proposes the revision and revamping of all aspects of the education structure, including its regulation and governance, to create a new system that is aligned with the aspirational goals of 21st century education, including SDG4, while building upon India's traditions and value systems. This seminar will help students and teachers to understand the implications of NEP 2020 on education excellence in colleges. It will have objective to discuss new techniques and methods for enhancing competency of teachers and to identify relevant Innovative Pedagogical Approaches used in the education sector. Also deliberate upon creating global standards among teachers.

OBJECTIVES OF THE SEMINAR

- To understand the implications of NEP 2020 on education excellence in schools and colleges.
- To discuss new techniques and methods for enhancing competency of teachers.

OUTCOMES OF THE SEMINAR

- To identify relevant Innovative Pedagogical Approaches used in the education sector.
- To deliberate upon creating global standards among teachers.

Attending these events will provide students with a great chance to network with likeminded individuals who share your passion for entrepreneurship.
