

Feed Back analysis 2022-23

1. Student Feedback Analysis:

According to analysis student's opinion is to improve the syllabus according to the latest updates in the respective fields of their stream but they equally feel that it is easy to understand and easy to study. Students also suggest that syllabus should be more practical oriented instead of only theoretical approach.

2. Teachers Feed Back Analysis:

Most of the teachers suggested that curriculum must update according to market demand of employment. Syllabus should be easy to understand to students and practical oriented.

3. Employers Feed Back Analysis:

Majority employers feels that syllabus is easy to understand and study but they also suggest that syllabus must be practically useful and it should equally help to provide employment.

Some of them also suggested to include current market trends to their syllabus which will help them for their employment.

4: Alumni Feed Back analysis:

According to analysis alumni syllabus must help them to improve other soft skills and subject Related technical skills also although they feel it is easy to understand and study.
