Declaration

Here we declare that we are having two different ISP's. Hathway & Tikona each service provider provides 50 mbps (total 100 mbps).

The reason for using two different services each 50 mbps because our college comes under military cantonment area hence ISPS have their own limitations for speed, Therefore we have merged both ISP plans through load balancer unit to make 100 mbps.

The both ISPS service provides assure the 100 mbps internet connectivity.
