## Student Field Visit Report

Sinhagad is also known as Kodhana and was conquered by Tanaji Malusare. Singhagad fort is an advantage and highly mountain located. Singhagad one of the greatest fort in Maharashtra. Chhatrapati Shivaji Maharaj this fort very important in history. This place historical and Tanaji Malusare big play role his fort. Singhagad is a hill fort located at around 35 km of a city Pune. There are two gates enter the fort, the fort was also strategically located at the centre of the Maratha Empire. They have been built 2000 years ago (Lion's Fort). A natural beauty is amazing.

Sinhagad fort is situated in Pune. It is named as Singhagad after great warrior Tanaji Malusare died while war. It has huge historical importance. I went there in rainy season. At that time the scenery around there was a visual treat for me. From top, we can see Torna, Rajgad, Tung and other forts. It is a great place for picnic. It is well maintained in comparison to other forts. The best part of this fort is that we can also go by vehicles till the last end so anyone can visit there without any problem. It is popular between tourists so it is very crowded place. Late night stay is prohibited there so you want to see all points then have to come early in morning. If you are trek lover then you should visit this place. And if you are nature lover then you should visit this place in rainy season.
